

Mini Crawlers

Used Mini Crawler Thousand Oaks - We have designed various programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who needs re-certification or certification, and for inexperienced operator who is seeking a job in the business. Positions for crane operators are in demand because of their high pay. Crane operators are amongst the highest paid of whichever operator of heavy equipment. Our Crane Training Schools include instruction and training for a wide variety of mobile cranes. Course subject includes Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Signaling, Load Charts and Rigging. The program is best for crane riggers, operators and their supervisors. The materials included in the course will consist of a guidebook and numerous useful handouts. The illustrated safety guidebook consists of 100 to 250 pages, depending on the course, of vital and helpful material. Course materials comprise load exercises and load charts for the crane with which the individual training is working. Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most helpful method to improving and developing personal skill levels. Just certified journeyman crane instructors are selected to teach the courses. Our instructors possess many years of experience in the industry. For all the course we provide, we can include optional testing mechanisms to customize your training. A test for skills is generally administered for programs that comprise H.O.S.T. Individuals training will be tested and graded. Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; In-The Seat Training and Certification & Testing. Industry standards of practice are evolving as new business requirements emerge. There are constant updates to regulations and legislation. Improvements in technology and equipment continue to be made. Industry data collection and analysis identify changing trends. Members maintain the advantage of managing their certifications and training programs. Mobile device alerts keep members ahead of workplace and personal safety news.
